Preface

This book is written according to the new Syllabus prescribed by CBSE for the students of XII class. This book is written in a simple and easy language so that all categories of students may benefit. It aims to help students study the subject better in a simpler manner. The book is written in a Question-Answer form to help the students prepare for their Board Examinations. Another important feature of the book is the Solved Examination Papers of Previous Years' CBSE Sample Papers (fully solved), Practice Papers and Mock Examination Paper.

Practicals and Appendices have been given to help the students to prepare accordingly.

I would like to dedicate this book to my father Late Shri P.D. Bandhu. I extend my sincere thanks to my family members and friends for their motivation to write this book.

I am specially thankful to the editors, Rachna Sagar (P) Limited for their co-operation in making the publication of this book in such a nice way.
